

# LIVIN' THE BREWS

THE NEWSLETTER OF THE NORTH TEXAS HOME BREWERS ASSOCIATION

## Prez Sez

By Leroy Gharis

The April 13th club meeting will be held at The Bavarian Grill in Plano. It is located at the northwest corner of Parker and Hwy 75 in the shopping area. Juergen always appreciates having us and it is a good time. So come join us for some brats or schnitzel and good German beers.

Don't forget the next brewday occurs before the club meeting on Saturday, April 10th at Orlando Guerra's house. You can see how a medal winning brewer brews. The weather should be nice so bring you brew gear or a chair and some good beer to sit and watch.

Wow! North Texas Homebrewers wins the Bluebonnet Trophy for the third year running. Congratulations to

all of the medal winners. I am really proud to be part of this group. If you won a medal or a stein you can pick them up at the brewday on Sat. April 10th or at the club meeting. I believe some of you won your

first stein and/or award. The club members would like to meet you and share in your triumph. We thank you for helping the club retain the

Bluebonnet Trophy. It is on display at Homebrew Headquarters. Ask Kelly to show you the old trophy too. Wow, what a difference.

Everyone in the club should hold your head high whether you won an award or not. Anyone that has been at a brewday or club meeting or on the forum discussing beer had a part in this. It is by sharing thoughts that we are all able to brew better beer. The really amazing thing to me is I was told our average score sheet score for 292 entries was 33. That was only two points behind the Bay Area Mashtronauts who won the Brown-Mueller Quality Award. My challenge to everyone for next year's Bluebonnet is to win the Bluebonnet Trophy as top points club and the Brown-Mueller Quality Award. I know we can do it.

I must say I was not sure we were going to win it this year. The wealth was really spread around amongst a lot of clubs this year. In the end we prevailed by about 10 point over the Bay Area Mashtronauts. Other clubs that were close were Foam Rangers and Austin Zealots. There were also winners from newer clubs. One new club, The River Valley Ale Raisers, has an ex-NTHBA member, Steve Arnold, as their president. That club won multiple awards. Another north

Texas club from Abilene, Big Country Brewers, came to their second Bluebonnet and went away with some awards. It's great to see new blood joining in the fray.

The judging for me this year was very enjoyable. I only remember one or two not so good beers. I remember one that smelled really bad but tasted pretty good. It smelled so bad my judging partner didn't want to taste it. It was only after I took a taste and said it's not that bad that he would take a sip. He also was surprised.

Then there was the second round judging where I had the privilege of judging an absolutely awesome Imperial Stout that won 2nd place in Best of Show. Getting to judge one beer like that makes it all worth it. If you haven't been judging you need to get some experience. You will be amazed at how much you will learn. It will make you a better brewer because you will be able to honestly judge your own beer.

We also brought home several cases of commercial beer that you will see at club events soon. Sorry, Pam there was no cider. You must have drunk it all Friday night. Or maybe that was Kim that drank it all. I don't think she ever left that table with the cider. I'm sure Kim can tell us all about it.

We didn't get any homebrew for the club. I know you may be disappointed but it went to a good cause. There were some GI's that had checked into the hotel. Melinda gave them all of our club's case with a chart telling them what style the beers are based on the number on the top. They may still be drinking that beer. I couldn't think of a better place for the beer to go. Those guys and gals deserve it.

Now that the Bluebonnet is over and the weather is warming it's time to brew some beers cause I am close to out. There's just enough time to brew some beers that can be entered in the Celtic and the Lunar.

I am trying to get a few people together to figure out what to do about 25th anniversary shirts. If you would like to help with picking shirt styles, artwork, and shirt colors send me an email. The email address for the president is on the back of your membership card.

# Beer Education

## Arbitrary Accuracy

By Clay Mahone

This year was my first year at the Blue Bonnet, and it was awesome! I tried my best to try just a little thimble of everything, but near midnight it felt like my thimbles had turned into pints. That night was worth the headache.

A lot of people are involved in this event and it really is an educational experience that can open your world to new styles, techniques and very intelligent brewers. I had to carry a note pad in my back pocket and write down everything I thought I would want to remember the next day. Then I ran out of paper, so I hope I got most of the good stuff early on. Thanks to everyone who works hard to make this happen!

So onward to summer; it's coming soon I hope. Let's see a quick preview of education events to take us through the warmer months. I included parties, because those can often be very educational for the sheltered small town boy like me.

April 10, 2010 – Brew Day: Brewing Electronics workshop to be held by Jimmy Orkin. Jimmy is the Guru of gadgets, so I'm looking forward to see what kind of brewing droid he'll bring for show and tell.

April 24, 2010 – Spring Party: I better bring my notepad.

May 1, 2010 – Brew Day: Brewing 101 Demo by Kelly Harris will help our newcomers see how easy it can be. Bring your note pads.

June 12, 2010 – Brew Day: Bottling and Kegging Demo will be led by Cougar Brewing for procedures on bottle conditioning and Orlando Guerra will show us how to fill from the keg using the handy-dandy counter pressure bottle filler.

July 10, 2010 – Brew Day: Since this will be a really hot one, what better time to have a friendly discussion about water? I will lead the traditional overview of water and then let the flood gates open for comments, gentlemanly disagreements, arguments, duels, fist fights, ect. Water is always fun because everyone seems to do it differently with great results. There is more than one way to boil this chicken.

July 17, 2010 – Summer Party: TOGA party! Bring your speedo.

August 14, 2010 – Brew Day: No official education event scheduled yet. Email me with ideas, and check back at the website often for more info. [Education@nthba.org](mailto:Education@nthba.org)

# The Competitive Edge (Where the action is!)

By Scott Townson

Wow! What a ride! The Bluebonnet has come and gone and once again we are the **2010 Homebrew Club of the Year**. Good job guys! This makes it the 3<sup>rd</sup> year in a row. We scored 39 overall points this year. That's a downward trend from last year's record 50 total points. Still it was enough to get the job done. Summarizing this years club winnings, we took 4 first place Steins (including new entrants), 11 second place finishes and seven third place finishes; all won by 13 club members and teams. Outstanding accomplishments all! I had a great time and I hope you did too. If you didn't make it, you really missed out. Record entries and record attendance really made this a stellar event. I'm looking forward to next year already! You can check out the overall results here: <http://www.bluebonnetbrewoff.com/modules.php?op=modload&name=Subjects&file=index&req=viewpage&pageid=47>

The club entries for the American Homebrewer's Association National Homebrew Competition are on their way to Breckenridge Brewery in Denver, Co. We've all got high hopes for this National level event. Damon and Orlando blazed the trail last year let's hope that someone from our club can do it again.
